

More than one billion plastic bags are handed out in Canada every year.  
They can all be reused and recycled so let's make sure they are!

### **The Plastic Grab Bag Challenge**

During Earth Week 2019, schools are challenged to take action by reducing the use of plastic waste and ensuring the proper recycling of discarded plastic bags. St. Elizabeth School has accepted this challenge and is therefore collecting discarded plastic bags for recycling during the week of the 15-26th. If you have any plastic bags that you are going to discard please send them in to your child's classroom teacher. The ECO team will be collecting these bags and will send them into our Walmart after the 26th. These bags will be collected for responsible recycling within North America. Thanks for your support! ~ ECO Team
